

# POTTERY TRAIL

*Washington County, Maryland*

Dotting the landscape of the Appalachian foothills in Washington County our Pottery Trail includes ten local potters who make the South Mountain Corridor home. The Pottery Trail celebrates our rich agricultural history and cultural vitality of the area, as well as the longstanding connection between pottery, nature and food. The artisans are creating pieces that range from elegance to the everyday.

When an artist creates in collaboration with the spirit of their location, it becomes a treasure of a lifetime. Imagine your culinary creations in a beautifully hand-crafted bowl. Need the perfect gift for a loved one that promises to be unique? Want to set a memorable table for your holidays or even every day? This is the place to do just that.

A visit to one or more of these studios is the perfect way to spend a weekend. Stay in a quaint Bed & Breakfast or book at one of our hotels. For more information: [www.visithagerstown.com](http://www.visithagerstown.com)
